New Directions in Cancer Diagnosis and Treatment: Precision Medicine

Featured Speaker: Dr. Timothy Lopez, MD, FACP

Dr. Lopez is in private practice at Northern NM Cancer Center Los Alamos. He was trained at the University of New Mexico Hospital, Bay State Medical Center in Massachusetts and UT MD Anderson Cancer Center in Houston, Texas. He is Board Certified in Internal Medicine, Medical Hematology, and Medical Oncology.

When: Monday October 15, 2018 – 6:00 PM

Where: First Baptist Church,
2200 Diamond Drive, Los Alamos

Time: 5:15–6:00 Light Dinner
6:00–7:30 Seminar with Q+A Session

Seminar Objectives:

- To understand the concept of Precision Medicine and the challenges and limitations of current molecular diagnostic techniques including Next Generation Sequencing (NGS).
- To review the history of systemic cancer treatments as it applies to Precision Medicine.
- To witness practical applications of Precision Medicine in cancer treatment today using Pancreatic cancer, Breast cancer, Lung cancer and Lymphoproliferative disorders as examples.
- To perceive Challenges and Opportunities for the future.

Pre-registration required by October 10 for light complimentary dinner!
