## *Immunotherapy: An Exciting New Treatment for Cancer*

**Featured Speaker: Dr. Fei Gu, MD, PhD**

Dr. Gu is a partner with the NM Cancer Care Alliance in the Santa Fe office. She completed her M.D at Beijing Medical University and her PhD at Purdue University, internship at Saint Vincent Hospital in Worcester MA, residency at Baystate Medical Center in Springfield MA and a fellowship at Tufts Medical Center in Boston MA. She is board certified in Medical Oncology, Internal Medicine and board eligible for Hematology.

**When:** Thursday April 18, 2019 – 6:00 PM

**Where:** First Baptist Church,  
2200 Diamond Drive, Los Alamos

**Time:** 5:15–6:00 Light Dinner  
6:00–7:30 Seminar with Q+A Session

### **Seminar Objectives:**

- To learn the concept of immunotherapy in cancer treatment, and understand its potential and limitations as compared to conventional chemotherapy and targeted therapy.
- To review application of immunotherapy in the form of PD-L1 inhibition and CAR-T cell therapy in treatment of colon cancer and lymphoma as examples.
- To appreciate the benefit/risk balance in decision making on any cancer treatment and perceive challenges and opportunities for the future.

***Pre-registration required by April 12 for light complimentary dinner!***

***Nurses and Allied Professionals will be awarded 1.5 CE contact hours***
