Presents a Free  
Community Seminar:  
In memory of  
Judy Miller

## ***Radiotherapy Today: Higher Precision and Fewer Treatments***

**Featured Speaker: Dr. Matthew Jackson, MD**

Dr. Matthew Jackson is a New Mexico native in practice at the Christus St. Vincent Regional Cancer Center. After receiving his medical degree from the University of Texas Health Science Center, he completed his residency through the University of Colorado's Radiation Oncology Program. Dr. Jackson lives in Santa Fe with his wife and two young children.

**When:** Thursday October 24, 2019 – 6:00 PM

**Where:** First Baptist Church,  
2200 Diamond Drive, Los Alamos

**Time:** 5:15–6:00 Light Dinner  
6:00–7:30 Seminar with Q+A Session

### **Seminar Objectives:**

- Understand the mechanism behind therapeutic radiation and how it kills cancer.
- Realize the benefit of radiation for the cancer patient to either help cure the disease altogether or to relieve suffering and improve symptoms.
- Learn about the different types of radiation therapy and what circumstances call for each specific approach.
- Discuss the common side effects from radiation therapy, and dispel some commonly believed myths and misnomers.

***Pre-registration required by October 18 for light complimentary dinner!***

***Nurses and Allied Professionals will be awarded 1.5 CE contact hours***

Los Alamos Medical Center is a provider approved by the California Board of Registered Nursing  
(Provider No. 15835) for 1.5 Contact Hours
